

STUCCO SIAM

HISTORY SENSUALIZED

STUCCO-SIAM

Stucco Siam Phuket is the leading services provider for natural, mineral wall coatings.

Using natural materials and techniques that have been around since ancient Rome this one of a kind product offers you the very best in durability, creativity and health benefits by using raw, sustainable materials.

HISTORY SENSUALIZED

BENEFITS

The unique blend of earthy materials offers amazing health and well being benefits such as mold resistance, humidity control and anti-static properties that help repel dust and dirt while the UV and light resistance ensures your walls won't fade or discolor over time.

The natural glazes can be used with any Stucco wall coating and guarantee the ultimate in surface protection and design.

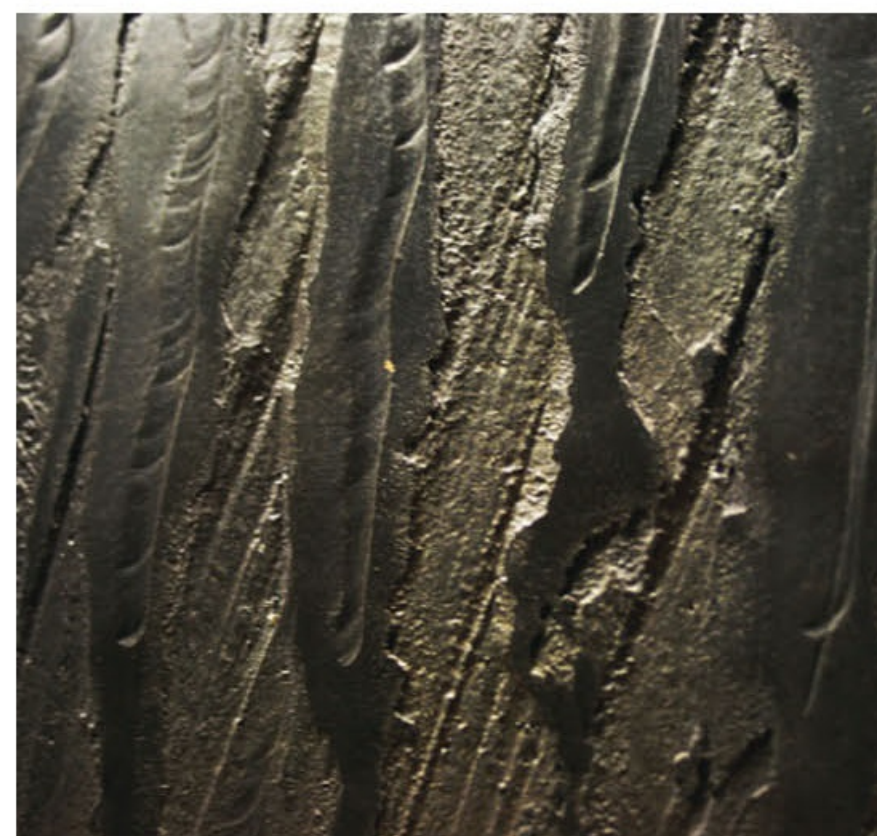

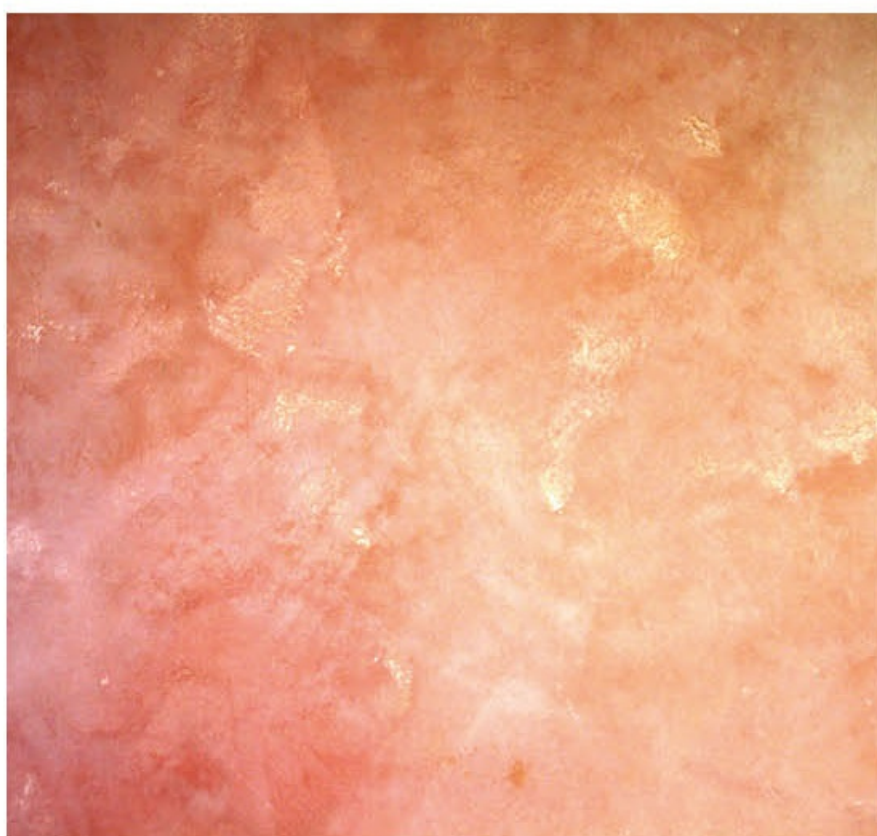

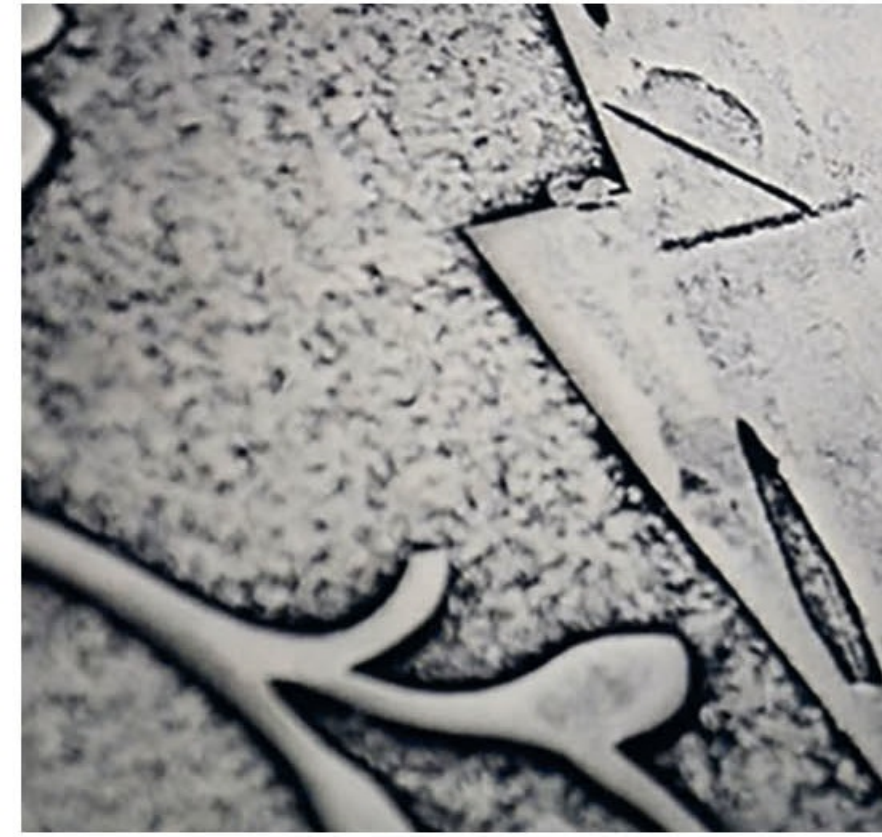

TECHNIQUE

With five distinct applications our wall coatings can be used in every room in your home, office or outdoor areas.

Different application techniques offer various benefits such as heat resistance and moisture control allowing you to use this product on sensitive areas such as ceilings, chimneys, saunas, pools and showers.

The wall coatings can be polished to a high gloss, giving you that expensive marble look.

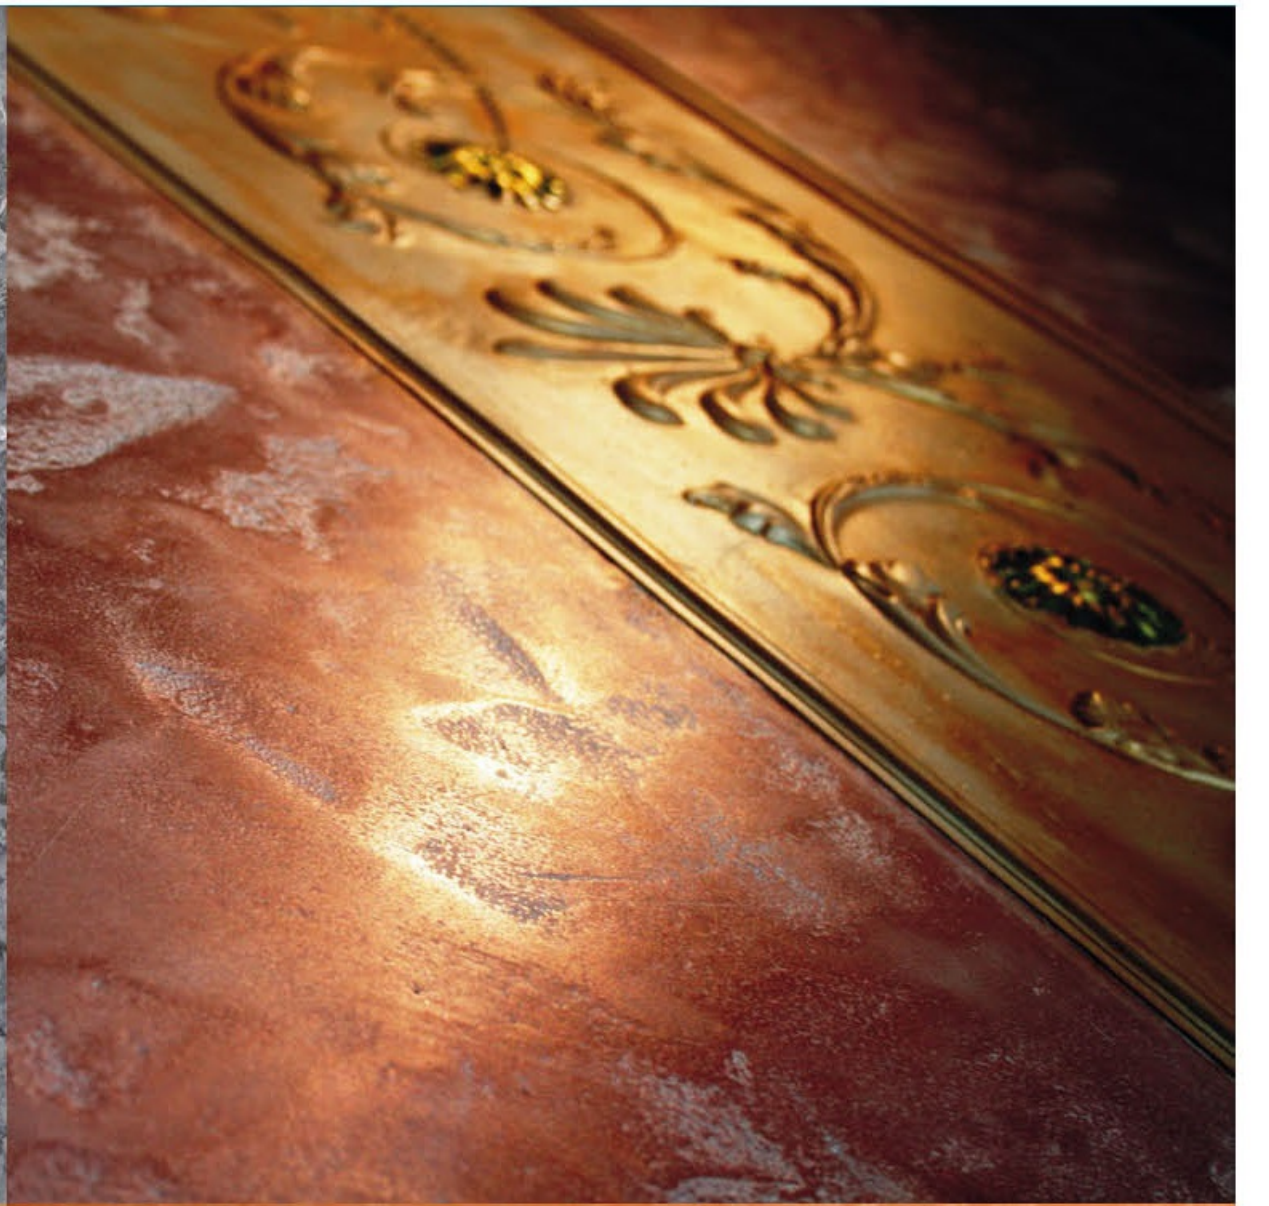

DESIGN

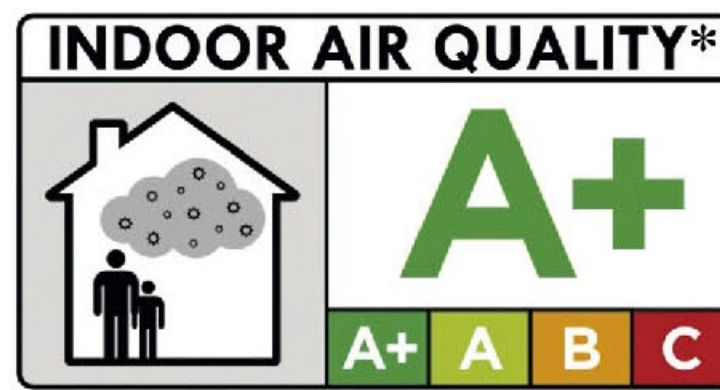

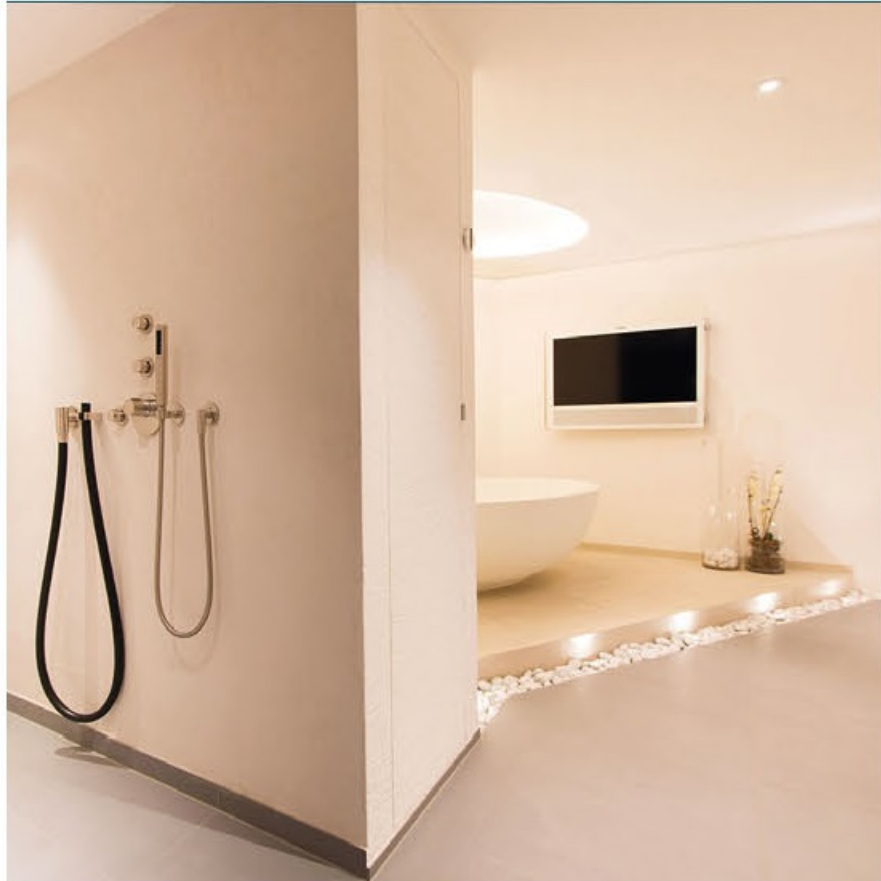

With pre made and custom built mouldings you can create a 3D space that is truly unique to you.

The use of various metal pigments allows you to create a distinct coating that is perfect those difficult and heavy-duty areas such as floors, outside walls and fireplaces.

With over hundreds of vibrant colors to choose from the design possibilities are endless.

With the four different effect options you can transform your space into one that is a reflection of your personal taste while adding style and comfort.
